Of the 27 Constitutional Amendments, two changed the functions and structure of the Electoral College and two changed the functions and powers of the U.S. Presidency. Using the Interactive Constitution (link in resources), discover what Amendments these were and what they changed. Record your findings on the provided worksheet.

After you have read about the four Amendments and completed the worksheets, find a partner. Chose two amendments (excluding the 12th amendment) and read the Interpretations of the amendment. Interpretations: [22nd Amendment](#) - [23rd Amendment](#) - [25th Amendment](#)

With your partner discuss the "Common interpretation" and the "Matters of Debate." Share what interpretation you side with the most. See how other groups feel about the interpretations and which ones that agree with most.
